Attention all Minnesota Chippewa Tribe (MCT) members

The Minnesota Chippewa Tribe (MCT) will be conducting a survey to help us learn more about the blood quantum of MCT members and their descendants.

We will use the information from this survey to determine what other tribal affiliations (non-MCT) exists within families of enrolled members. However, no enrollment criteria will be changed as the result of this survey – it is for information gathering purposes only.

Approximately 3000 enrolled MCT members will be invited to participate in this study using scientific random sampling – all MCT Band members 18 years of age and older have an equal chance of being selected to participate.

MCT hired Wilder Research to conduct this survey. We will start contacting MCT members in fall 2012. If you are invited, we hope you decide to participate. Your participation and accurate information are vital to the validity and success of this survey. With a completed survey, you will be entered into a

drawing with other survey participants. If you are not selected to participate, but you would like to participate or learn more about the survey, you can visit www.mnchippewatribe.org.

If you have any questions or concerns about the survey, please call Joel Smith, Special Projects Coordinator or Brian Brunelle, Director of Administration at (218) 335-8581.

Updated information request

The Minnesota Chippewa Tribe is requesting Band member's to update their current address for any future distributions or mailings. It is very important to keep your address updated with the MCT. Send your updates to Minnesota Chippewa Tribe Attn: Tribal Operations P.O. Box 217 Cass Lake, MN 56633 or call at (218) 335-8581.

Attention Fond du Lac Band Members

Your form for the 2013 Distribution has been sent to your last known address.

Please complete and return this form by Dec. 1, 2012 if you would like a monthly payment

in Jan. 2013.

If your address has changed and you have not received a form call Patti at (218) 878-2674 or Dorothy at (218)878-2676.

Bye Bye Birdie

Another elder's trip has been planned to the Chanhassen Dinner Theater on Nov. 17, 2012.

The bus will leave at 11 a.m. from ENP side at the Cloquet Community Center. There will be an overnight stay at the Best Western in Shakopee, Minn.

The deposit is \$50, non enrollees cost is also \$50. The party should return by early afternoon on Nov. 18.

Sign-up for the trip will be Oct. 31 and Nov. 7 at the RBC Center with Jerry Setterquist at (218) 879-9412 or with Greta Klassen at (218) 345-6304.

No non-enrollee deposit will be returned unless trip is canceled.

Life with diabetes workshops

The life with diabetes workshops will be held twice in Nov. at the Min No Aya Win Clinic. The first of these times will be Nov. 1, and the second will be Nov. 15. Both workshops will

take place from 8:30 a.m. to 12:15 p.m.

The Center for American Indian Resources will also have two meetings. The first will be Nov. 8 with the second one taking place Nov. 29. The workshops will again take place from 8:30 a.m. to 12:15 p.m.

Part 1 of the workshop will discuss: what is diabetes, meal planning, being active and monitoring, while part 2 will discuss complications, stress & coping, medications, and healthy habits.

These workshops cover the basics on living with diabetes. If you attended in the past, the information will be a review. To register call Amanda at (218) 878-3731 or Jenn at (218) 878-2146.

Breakfast, snack, and incentives included. Incentives will not be given unless the whole workshop is completed; must have a diagnosis of diabetes.

Published monthly by the Fond du Lac Reservation Business Committee. Subscriptions are free for Fond du Lac Band Members. To inform us of a change of address, write to: Fond du Lac News, Tribal Center, 1720 Big Lake Rd., Cloquet, Minn. 55720.

Editor: Zachary N. Dunaiski

The mission of this publication is to provide the Anishinaabeg community of the Fond du Lac Band of Lake Superior Chippewa, Fond du Lac Reservation, with news and information that will be of help to them in their everyday lives. In addition, our goal will be to highlight many of the honors, accolades, accomplishments and awards that are earned by community members but are mostly overlooked by the mass mainstream media.

It is our hope that through greater information about the activities of our people, this publication can be an instrument of true community. It is not our intention to be a vehicle of divisiveness. To that

end, we do not publish editorials, opinion pieces or letters to the editor. There is an abundance of opportunity for the publishing, airing and dissemination of material of personal opinion in other communication vehicles available throughout the area, region and state.

Our mission is to provide for Fond du Lac Anishinaabeg a publication that will not dismiss their culture, heritage, hopes and dreams. We are striving to make this newspaper fill that role.

Corporate Member of the Native American Journalists Association

A few thoughts from RBC members

From the Chairwoman

The Band is working with the Bureau of Indian Affairs to set up the accounts necessary to distribute the Nelson Act funds. Once this is finalized, Fond du Lac will get the funds and then we get them into Band member hands. We continue to be hopeful that this will occur before the end of the year.

Members of the community were shocked this month when word got around that a violent crime had taken place on the reservation. Out of the 4 people who are currently facing charges for some role in the

murder of young woman from Floodwood, Minn., two are not Fond du Lac tribal members, and three of the four, are people who had previous to this, been forbidden from Band lands.

A couple of years ago, in response to a drive-by shooting in the area known as the compound, the RBC had several meetings to talk about what the community could do to respond to violence and drugs in the community. At that time, it was asked of the RBC that there be put into place a policy restricting Fond du Lac

Karen Diver

housing for people convicted of violent or drug felonies. That was done, and currently there is a 10 year prohibition on residing in Band housing for these types of felons. Additionally, it was decided that the Band's exclusion ordinance should also be applied to Band members who are deemed a threat to the community. This was also implemented.

The community is again wondering if these things are enough to deter crime and create safety. First of all, it should be noted that banned individuals were residing in housing

on Band lands. Band members should be aware that if you harbor individuals who are banned from the Reservation in your housing, that you may end up losing your housing. Secondly, if you are aware of people who are doing unlawful things in the community, please contact law enforcement. Everyone needs to be a part of the solution. Thirdly, ask yourself what you can do within your own families to confront drug use and gang affiliation. Finally, become an active part of your children and grandchildren's lives. Make sure they know to have respect for themselves, their families, and their community. Thank

you to the Band members who had enough courage to take a public stand by having the public marches and meetings. Now the real work begins to create community based change. The RBC is interested in knowing how we can help your efforts.

Please make sure you vote in the upcoming election!

Let me know if you have questions or comments at the office (218) 878-2612, cell (218) 590-4887 or email karendiver@fdlrez.com.

Boozhoo niiji,

It seems like bad news never stops. We had a body discovered on the reservation this month. The body was identified as a female that was missing from Floodwood, which is located a few miles west of the reservation. I did not know the person that is accused of doing the crime but, he was banished from the reservation for another act of violence he

had committed prior to this. I did not know the female, but she did not deserve to die like this. The community has come together and marched against violence and drugs on the reservation and it gave me hope to see our community speak out in this manner. They have scheduled community meetings

Ferdinand Martineau

to address their options on how to make changes in the way we address these problems. I completely support their efforts. I don't know what the magic bullet is, but I do know that the community has to be involved if we are going to be able to solve this problem and make our reservation a safe place for all.

The Nelson Act Settlement has been signed by the presi-

dent. We are in the process of checking all current addresses to make the payment. If you have moved and not corrected your address, please contact the reservation with the proper information. We should be making the payment soon.

We are about to break ground for the veterans supportive housing unit. There are going to be 10 units available for veterans in need of services. If you or someone you know might be

interested in this type of housing, please contact Chuck Smith at (218) 878-2670 or Chuck-Smith@FDLREZ.Com.

As always, if you have any questions or comments please feel free to contact me. My Office number is (218) 878-8158 or by e-mail at ferdinandmartineau@fdlrez.com .

Hello all

As the seasons change here in our area we have been confronted with some chilly weather, frost, and some small snow flurries. At the same time, the leaves were changing bringing the fall colors which we all seem to love.

As the school season is underway, I had the

Wally Dupuis

opportunity to attend a number of school events such as football games and volleyball games. I watched as the girls volleyball team took on their opponents.

I believe their win-loss record is 9 wins 2 losses at this time. Good job girls, you represent Fond du Lac well. Varsity teammates are Kasey Shabaiash #7, Quintana White #8, Sara Fineday #6, Josie Wichern #5, Sara Peacock #11, Jealisa Northrup

#10, Joycelyn Sayers #12, Faryn Wilson #9, Katlyn Miller #3, and Samantha Ladaux #4. I also watched the football team take on the Red Lake team. It was a very good game and the FDL boys came out on top. Good job team. I attended the elder's dinner at the convention center it was good food and entertainment. I received a lot of good comments about the event. It is good to see folks come together for an evening of socialization and food.

On another note, we have experienced some bad news regarding violence and drugs on our Reservation recently. The good news is that members of our community are coming together and working together to address these issues as a community. They have held community meetings and are discussing ways in which the community and individuals can help with the problems. I would like to thank all that have participated and to let you

know that your efforts are truly appreciated, thank you.

Our community center continues with its programming and is maintaining record attendance in many of the activities that it offers. Please visit our website to learn of the upcoming activities and please feel free to participate when you can.

As always please feel free to contact me anytime. (218) 878-8078 office or (218) 428-9828 cell.

Old Business:

Review of Evaluations and Process a) Building Principal b) Superintendent

Board reviewed and discussed the Evaluation and Process.

School Board Membership:

Expired Terms and Replacement

The school board is attempting to realign terms to cushion the impact of too many expiring at once... for example five member's terms expire Jan. 12, 2014. The board recommends that Zacher and Defoe be reappointed, if approved, terms would expire June, 2016. The school representative is in good order-it's always a one year term.

Aug. 31 so the board is recommending that the 5 members (again to cushion turnover) that the following might happen:

Representatives from:

Cloquet: Wiesen; extend and end on June 30, 2014; (the other representative's term expires June 30, 2016).

Brookston: Johnson-Fuller; ex-

tend and end on June 30, 2014; (the other representative's term expires June 30, 2016)

Sawyer: Murray; reduce by 6-months and end June 30, 2013;(the other representative's term expires June 30th, 2014)

Sawyer: Dupuis; extend to June 30, 2014; (the other representative's term expires June 30, 2013)

At-Large: Ojibway; extend to June 30, 2015; (stand alone)

Powwow update: Principal Johnson gave an update on the powwow to be held Oct. 26. Went into discussion. Next Culture meeting will be held Sept. 27, at 3:30 p.m. Will work on a budget for Princess and Brave travel.

Other: None

Adjourn: Johnson-Fuller made a motion to adjourn the meeting. Defoe seconded the motion. Motion carried. Meeting adjourned 1:40 p.m.

Notes from community "Brainstorming" meeting Oct. 11

Concerns:

- Safety
- Security
- Taking care of the drug issues
- Gangs
- Graffiti

Reporting:

- Report to Chief of Police if someone is banished from the reservation
- What about the safety for the people who report the crime?

Will they be protected?

- You will remain anonymous
- If you don't feel comfortable ask a neighbor to help you report what is going on.
- If there is a lot of traffic going through your neighborhood and at one house, take down license plate number and time vehicle was at the house.

Awareness:

- Have a commercial made and put on our radio station about no tolerance for violence, drugs, abuse, etc.
- Post pictures in the reservation newspaper on who is banished every month. This way community will know.
- Have banishment list posted on the fdlrez website
- List in newspaper the tip line number and post it on the website
- Have a billboard in the C-store with the pictures posted of who is banished.
- Have a committed neighborhood watch
- Have an announcement made on radio for when the community meetings will be held.
- Also have them posted on webpage and on the message board at resource management building.

Policy:

- Why isn't there something done when there is so much traffic going to one home? The police are called but what can be implemented at housing when things like this happen?
- Policy change
- Need clearer policies when it comes to housing
- Post policies about people being intoxicated/on drugs at community center buildings.
- Ordinance for harboring people that are on the banish-

ment list.

Community:

- Talking Circle
- Ala-teen meetings held at community centers
- Start after school program for kids
- Have parenting programs offered.
- Age to Age, community potluck
- More Community Meetings
- Community Watch
- Community Restorative Justice
- Have defense tactic classes at the community centers offered.
- Big Brother/Big Sister Program

Education:

- Have an ex-gang member come in and talk to community members etc.

Solutions:

- Zero tolerance
- Hold families accountable for what goes on in their house.
- Hold parents accountable for children's actions if they commit a crime.
- Have more people willing to approach a person that is intoxicated or on drugs that are at the community centers and ask them to leave.
- Cover up gang graffiti

- When can we get together and clean up graffiti in neighborhoods?
- More lighting in certain neighborhoods where there are dark spots.
- Have security cameras placed up in certain neighborhoods
- Organizing community watches in each area on the reservation.
- Police stationed at each center?
- Currently there are three FDL police officers on each shift. They cover 100,000 acres.
- This does not include county or city officers.
- Make people responsible for putting graffiti on buildings
- Have a work crew cleaning the graffiti up.
- "Plan of Action," start with one problem like "drugs" and tackle that problem and go on from there.
- Have a dry reservation

School Board meeting minutes Sept. 11

Call to order: Wayne Dupuis called the meeting to order at 6:06 p.m.

Roll Call: Present: Maria Defoe, Wayne Dupuis, Debra Johnson-Fuller, Meredith Martin, Michael Murray, Jeremy Ojibway, and Jean Zacher.

Absent: Don Wiesen

Others Present: Michael Rabideaux, Jennifer Johnson, Barbara Dahl, Rick Defoe, and Lester Blackhorse.

Reading of Mission Statement and Vision: Read by Dupuis.

Approval of Agenda: Two items were added to the agenda. Murray made a motion to approve the agenda. Martin seconded the motion. Motion carried.

Approval of Minutes: Martin made a motion to approve the minutes. Murray seconded the motion. Motion carried.

Review the Ledger: The board reviewed the Ledger.

Community Member Concern:

School Board Discussion: A community member addressed the school board with concerns that he believed he was being excluded from events and activities in the school. He also believed the board had excluded him from such involvement. After much discussion, the community member was informed that any decision to prevent the community member from school activities and/or events was initiated by school administration. The school board reiterated that it had not made any decision to exclude the community member from any activity or event and that it was a school administrative decision.

Supervisor Reports:

Rabideaux, Superintendent:

Presented monthly report to the board. Topics shared included:

The reservation's School Attendance Requirements/Truancy Policy is being reviewed for revision.

A meeting date has been set for Thursday, Sept. 27, 2012 in the school board room.

The Tribal Nation's Education Committee (TNEC) is meeting with the State of Minnesota Education Commissioner on Sept. 24, 2012. The purpose of the meeting is to 1) review recommendations and strategies for increasing the number of American Indian teachers in Minnesota; 2) review components of the state's teacher preparation program specific to teaching all teacher's best practices and American Indian content (American Indian history & culture); 3) create an American Indian Statewide Advisory Committee to monitor all progress and propose alternatives.

Schools receiving funding for the Johnson O'Malley (JOM) Program (Carlton, Cloquet, Superior, Duluth, & Albrook-South Ridge) will be having their student count numbers verified. We want to ensure that student counts are accurate in that the reservation allocates funding based on data received.

Johnson, Building Principal: Presented monthly report to the board. Topics shared included:

Possession of protected bird feathers

[The U.S. Department of Justice has issued the following memo to clarify rules for possession of federally protected bird feathers and body parts (especially eagles)]

This memorandum formalizes and memorializes the long-standing policy and practice of the Department of Justice regarding the possession or use of federally protected birds, bird feathers, or other bird parts for the cultural and religious purposes of federally recognized Indian tribes. This memorandum also provides background and guidance regarding this policy.

The Department of Justice recognizes that many Indian tribes and tribal members use, and traditionally have used, federally protected birds, bird feathers, or other bird parts for their tribal cultural and religious expression. Indeed, the eagle plays a unique and important role in the religious and cultural life of many Indian tribes. And in light of the important government-to-government relationship that the United States has with federally recognized tribes, the United States has a strong interest in accommodating the interests of these tribes by protecting the ability of their members to meaningfully practice their religions and preserve their cultures.

At the same time, tribes and their members and the United States share an interest in - and a responsibility for - protecting this Nation's scarce and precious wildlife resources. Federal wildlife laws are essential to preserving natural resources - including the eagle and other

migratory birds - that are vitally important to this Nation. It is a federal enforcement priority to prosecute those who violate federal laws by engaging in commercial activities involving federally protected birds, bird feathers, or other bird parts, or by killing such birds without authority under federal law. The objective of these enforcement efforts is to reduce and eliminate the unlawful taking of federally protected birds by prosecuting not only individuals who take protected birds but also individuals who seek to profit from the commercialization of federally protected birds or their feathers or other parts.

In short, the Department of Justice is committed to robust enforcement of federal laws protecting birds while respecting tribal interests in the use of eagle feathers and other federally protected birds, bird feathers, and other bird parts for cultural and religious purposes

Background

The Department of Justice policy memorialized in this memorandum is consistent with the longstanding policy of the Department of the Interior. In 1975, then-Secretary of the Interior Rogers C. B. Morton issued a policy statement concerning Indian cultural and religious use of migratory bird feathers and parts, which has become known as the "Morton Policy." The Morton Policy was issued to "clarify the Department of the Interior's responsibilities and intentions" as to enforcement, of federal laws protecting eagles and to "ease the minds of American Indians" who had raised concerns about the application of federal wildlife protection laws to their cultural and religious activities.

Pursuant to the Morton Policy, the Department of the Interior has long permitted members of federally recognized tribes to engage in specified activities, including the possession and use of federally protected birds, as well as their parts or feathers, "without fear of federal prosecution, harassment, or other interference." The Morton Policy also affirmed that the government would not permit anyone, including members of federally recognized tribes, to kill federally protected birds without a permit or to engage in commercial trade in federally protected birds, bird feathers, or other bird parts. The government would continue to enforce against all persons federal Laws prohibiting the killing of protected birds and prohibiting commercial activities involving protected birds and their feathers and parts.

The Morton Policy has guided the federal government's approach to enforcement of federal laws protecting birds ever since it was issued. Nonetheless, I understand that there continues to be some uncertainty and concern regarding enforcement of Federal bird protection laws as related to the cultural and religious activities of members of federally recognized tribes. I am therefore issuing this memorandum in order to clarify and confirm that the Department of Justice continues to exercise its prosecutorial discretion in a manner consistent with the Morton Policy.

Policy

The Department of Justice is committed to balancing enforcement of the Nation's wildlife laws with acknowledgment of the cultural and religious needs of federally recognized Indian

tribes with which the United States shares a government-to-government relationship. This policy is intended to ensure coordination and continued consistency with the Morton Policy and to clarify certain issues not expressly or fully addressed in the Morton Policy itself. The Department of Justice has worked very closely with the Department of the Interior in developing this policy. This policy is intended to ensure a consistent and uniform approach across the nation to enforcement of federal laws protecting birds.

Accordingly, consistent with the Morton Policy and the Department of Justice's traditional exercise of its discretion, a member of a federally recognized tribe engaged only in the following types of conduct will not be subject to prosecution:

- Possessing, using, wearing, or carrying federally protected birds, bird feathers, or other bird parts;
- Traveling domestically with federally protected birds, bird feathers, or other bird parts or, if tribal members obtain and comply with necessary permits, traveling internationally with such items.
- Acquiring from the wild, without compensation of any kind, naturally molted or fallen feathers of federally protected birds, without molesting or disturbing such birds or their nests;
- Giving or loaning federally protected birds or the feathers or other parts of such birds to other members of federally recognized tribes, or exchanging federally protected birds or the feathers or other parts of such birds with other members of federally recognized tribes, without compensation

of any kind;

- Providing the feathers or other parts of federally protected birds to craftspersons who are members of federally recognized tribes to be fashioned into objects for eventual use in tribal religious or cultural activities. Although no compensation may be provided and no charge made for such feathers or other bird parts, tribal craftspersons may be compensated for their labor in crafting such objects.

Members of federally recognized tribes are covered by this policy regardless of whether they have a U.S. Fish and Wildlife Service permit.

The Department of Justice balances its commitment to accommodating the needs of federally recognized tribes with its commitment to enforcement of the Nation's wildlife laws. Thus, the Department of Justice will continue to prosecute tribal members and non-members alike for violating federal laws that prohibit the killing of eagles and other migratory birds or the buying or selling of such birds or the feathers or other parts of such birds. The terms "buying," "selling," and "compensation" include the exchange of federally protected birds, bird feathers, or other bird parts for cash, services, goods, or anything other than protected birds, bird feathers, or other bird parts.

The Department of Justice's Environment and Natural Resources Division (ENRD) and United States Attorneys' Offices work closely with the Department of the Interior's U.S. Fish and Wildlife Service on enforcement of federal laws protecting birds. It is a goal of both the Department of Justice and the Department of the Interior that these enforcement efforts

etc.

are carried out in a way that is consistent with the policies of both agencies, as described in this memorandum. Prosecutors should be aware that the Department of the Interior has a longstanding internal procedure regarding review of cases involving members of federally recognized tribes, which governs decisions by the Department of the Interior on the referral of cases to Department of Justice prosecutors.

United States Attorneys' Office

es shall consult with the Assistant Attorney General of ENRD or her designee, the Chief of ENRD's Environmental Crimes Section, if they have questions regarding whether particular conduct is consistent with this policy or whether exceptional circumstances exist. In addition, in light of the significant and important issues these cases raise, it is strongly recommended that Assistant U.S. Attorneys handling any case involving Native Americans and federally

protected birds, bird feathers or other bird parts, consult at an early stage of their investigation or prosecution with ENRD's Environmental Crimes Section. Among other things, prosecutors are strongly encouraged to consult with ENRD in any such case (involving Native Americans and federally protected birds, bird feathers, or other bird parts) in which an issue is raised regarding a treaty with an Indian tribe, the First Amendment of the United States Constitution, the American Indian Religious Freedom Act, or the Religious Freedom Restoration Act.

Consistent with the sovereign status of Indian tribes, and with this Department's commitment to fostering tribal self-determination, prosecutors are also encouraged to consider whether prosecution of particular cases would be more appropriately handled by tribal prosecutorial authorities in lieu of federal prosecution.

This policy is based on the special relationship that the federal government has with federally recognized tribes. This policy is not intended to address or change how the Department of Justice handles cases involving those who are not members of federally recognized tribes, including non-Indians or members of state-recognized tribes or other groups or organizations. The traditional elements of federal prosecutorial discretion continue to apply in all such cases. Prosecutors retain the discretion to consider all appropriate factors, such as the nature and seriousness of the offense and the culpability of the offender, in determining whether to pursue a particular prosecution that would not be inconsistent with this policy.

In exercising their discretion in such cases, prosecutors should be aware that it has been and continues to be the priority of the Department of Justice and the Department of the Interior to focus wildlife enforcement resources on those cases involving illegal activities that have the greatest negative impact on protected species, such as the unlawful take of protected wildlife and unlawful commercial activities involving protected wildlife.

This policy has been promulgated solely for the purpose of internal Department of Justice guidance. It is not intended to, does not, and may not be relied upon to create any rights, substantive or procedural, that are enforceable at law by any party in any matter, civil or Memorandum from the Attorney General.

New Director of American Indian Education

Education Commissioner Brenda Cassellius announced that Dennis Olson Jr. will serve as the new director of American Indian Education for the Minnesota Department of Education (MDE). This key position further strengthens the department's efforts to better serve Minnesota's American Indian students through a stronger relationship with each of the state's eleven tribal nations, and to work collaboratively to develop strategies to improve student outcomes for American Indian Children.

"Dennis' extensive back-

ground and knowledge will be a tremendous asset in carrying out this very important role," Dr. Cassellius said. "This administration has placed a high priority on strengthening the relationship with the state's sovereign nations, and I've made a personal commitment to step up efforts to increase achievement for American Indian students. Establishing this position and bringing someone with Dennis' skills and experience on board is key to those ongoing efforts."

Prior to working at the Department of Education, Olson served as the commissioner of education for the Mille Lacs Band of Ojibwe. He has also worked with the University of Minnesota, acting as a project coordinator for the Institute on Community Integration. Olson received his Master's in education and liberal studies with a concentration on Federal Indian Policy from the University of Minnesota-Duluth.

"There are many unique barriers facing today's American Indian youth. I am excited to work with Minnesota's American Indian communities to address these challenges and increase academic achievement and opportunity for all students," said Olson.

Olson is an enrolled member of the Fond du Lac Band.

Election Coverage

The following are the candidate statements for those running for the District II (Sawyer) Representative in this special election. The General Election is Nov. 27, 2012 with the Primary Election on Jan. 29, 2013. The statements have not been altered in anyway, and appear just as they have been submitted. Each candidate was only allowed 300 words; anything in excess to that has been cut from their statement.

Jodi Ammesmaki

Dear Sawyer District II voters,

Boozhoo! My name is Jodi Ammesmaki and I am running to fill the vacant Sawyer position. My condolences to the Shabiash family. I have been a Sawyer resident for the past 40 years. I and my wife have raised eight children and we have twelve grandchildren. I have worked in various positions on the reservation as well as being self employed and served on the school board. Some of the important issues I see at this time are:

- 1) We have the potential for a large business capacity that is being overlooked on the reservation. This area needs to be explored. We need band members opening businesses not just the FDL Band.
- 2) Why are so many band members out of work. Why are so many positions being filled by non-band members and non-natives? We have to better our systems that are in place so our Fond du Lac band members are working and improving the quality of our families lives.
- 3) We need more community input on issues that are directly affecting the reservation. We are the reservation. We need to be the voice and the action in our community. The drug issue needs to be addressed. We are losing too many of our young people due to drugs. What is being done? Why do we not hear about community organizing and not given an opportunity to get involved?
- 4) The quality of life needs to be improved for our Sawyer seniors living in the elderly

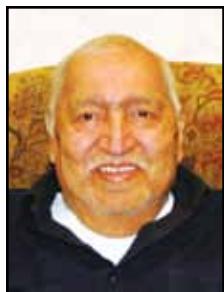

units. There needs to be an elder committee who visit our seniors to make sure they have their basic needs met. Our District Reps are difficult to meet with. My door will be open to you! We need a healthy village to raise our children.

Darwin Bishop

My name is Darwin Bishop; some of you know me as Teets or Teetums. My parents were Pusky Northrup and Charlotte Diver-Northrup; I have been married for 55 years and have 3 children with my youngest Terra, being deceased. I worked for the Arrowhead Juvenile Center as a Corrections Agent for 27 years. I also worked as the Midway Township Police Chief for 12 years.

As a retired Policeman I know the challenges that our Police Officers are dealing with daily. With decades of service in Corrections and Law Enforcement I see the need to neutralize the gang and drug activity that the Fond-Du-Lac reservation is currently facing.

I feel it is important to have an elder like myself on the board to represent the needs and concerns of our growing elder population. I will also focus on our youth and the expanding need for positive youth interactions. While keeping our kids in school and involved with reservation and school activities.

I will not impose on you by knocking on your doors, if you have any concerns or questions I can be contacted at (218) 879-1106, or teetsndoll1@aol.com please be sure to get out and vote on November 27th.

Thank you.

Geraldine Defoe

Hello (Aniin): I was born on Oct. 17, 1941 in the old FDL Indian Hospital. I have lived here all my life and have been married to Roy Defoe, Sr. for 55 years. We raised six children here on Fond du Lac and have many grandchildren.

My parents are Evelyn Misquadace and Ernest Hayman (Northrup), both enrolled at Fond du Lac.

I attended Carlton High School and the Fond du Lac Community College in Indian Studies. I have worked with the Ojibwe language program, as a Community Health Representative, and other jobs. Most of my work has been in education.

My concerns are these:

- Segregation between the districts. All districts should be treated equally.
- Ceded Territory. What are our economic development opportunities within the Ceded Territory?
- State-operated bar gambling and casinos. What can be done to stop the state gambling? In 2011, we review our gambling

compacts.

- Accountability. What happened to the Code of Ethics Board? Community Watch Board? Community Task Force?
- Drug Abuse. Does everyone know how many Band Members have been taken from us due to this problem?
- Children. These Programs have to continue. Monies should not be taken from their programs. They are our future!
- Elders. These programs must continue – Elderly Housing, Elderly Nutrition, medical, knowledge. Are their needs beings met? These are some of the issues brought to me. With your support, we together can come up with answers. Sawyer has been our home and together we can grow as friends as we once were. Call me anytime at (218) 879-4675 or (218) 260-6266. Miigwitch (Thank You)

Wayne Dupuis

Boozhoo,

I would like to say miigwetch to the family of Sandra Shabiash for her service to the Fond du lac Reservation and the Sawyer district. I am asking for the support of the Sawyer district in this election to fill the term left vacant by Ms. Shabiash's journey to the spirit world. In carrying on those responsibilities I hope to contribute my experience, strengths, and

knowledge to our community. As many of you know I have been a contributing member of the Fond du Lac Reservation for the majority of my life.

I have a B.S.W. from the University of Minnesota and a M.A. in management from the college of St. Scholastica. I think that operating a multi-million dollar organization takes some level of education to understand the complexities of keeping the organization going. We need to build sustainable, diverse, earth friendly streams of revenue that benefit all members of our Band. The Fond du Lac Band has access to natural resources, human resources, and strategic location for diversification of our economy and we need leadership that will guide the coordination of these resources to benefit all.

In my duties as Sawyer Representative I hope to hear from every resident of Sawyer in developing a vision for our community. I know how to get things done and want to make the most for Sawyer. I am honest, fair, and trustworthy. I have learned how to understand and analyze financial statements, finance, organizational development, and strategic development in organizations.

I have been working for the Reservation for the past thirty years in a broad range from Bingo set-up to Division Director. I am prepared and capable to take on the responsibility of tribal government and seek your vote and support in the upcoming election. Miigwetch, Bizendawiyeg Wayne Dupuis

Blake Evanson

Hello, my name is Blake Evanson. I am applying for the position of Sawyer District Representative. My work history consists of over

25 years of serving the Fond du Lac Reservation. During this time I've protected the Band's employees, people, money and property, and natural resources.

This is probably the toughest job application I've ever had to do. I am asking the people of Sawyer to let me serve them as their representative. If the people want to have me represent them, I will work hard, listen to all their concerns to make sure that they have a voice in their government, and use common sense in all decisions that need to be addressed. I am asking for your vote.

Vote Blake Evanson for a fair, friendly, and honest Representative.

- Protecting our Natural Resources and land base
- Revitalizing our Ojibwe Language & Culture

I've exercised hunting, fishing, and gathering rights these many years, since I was 13 years. In my lifetime, I have not witnessed any loss of our wild rice crop, except for this year. So, I am grateful to my fellow Anishinabeg for sharing their fresh wild rice with me. What a gift it truly is!

I'd like to recognize the youth in this area for striving to be positive. Good Job! Keep up the good work! I welcome your ideas on developing a Youth Council for our community. So, stay tuned! We are going to stay on that positive track!

Connie Saaristo

Dear Band Member:

My name is Connie (Higbee) Saaristo. I am ready to fill the position of Sawyer District II Representative.

It is a time of my life that I have gathered the experiences and skills that I will exceed your expectations as representative. All I need is your support to vote for me on November 27, 2012.

My grandmother, Mary (Houle) Higbee was very proud of her Indian heritage and lived it. My parents are Louis and Marge Higbee. I watched both generations struggle so we could have the things we have today. The dream

has come true for us, which is a solid economic base. The strength is in your vote. I need your vote because I have the solid backbone it takes to make our communities stronger.

Where ever we choose to live we all belong to the wonderful Ojibwe Nation. Everyone should always know and believe this. It is not always this way for many reasons. If you have ever been on the outside looking in, look hard at the kind of person I am and the training/experience that has led me to run for office.

Along with life experiences I walked this path that led me to have the confidence to work for you;

- Received a Masters Degree
- Held a License by the State of Minnesota for 27 years
- Served on the FDL Housing Board, Tribal an Community College and Social Work Board
- Represented the Minnesota Social Work Board in Washington DC
- Launched the Prepaid Medical Assistance Program
- Implemented a Tribally owned Insurance Corporation

I am speaking to you with my heart which is genuine in believing that I am the person to fill the position of Sawyer Dist II Representative.

Bruce M. Savage

Boozhoo, Fond du Lac Band Members of the Sawyer District:

My name is Bruce M. Savage, I am asking for your support to be the selected candidate in the

Sawyer District Special Primary Election on November 27th. First I would like to offer my condolences to the family of

Sandra Shabaiash. I have been a dedicated employee for the Fond du Lac Construction Company for the past 15 years. For the past 12 years I have been married to my lovely wife Tawny Savage, together we have four children: Tahkoah, Sage, Cedar & Kayla. I am active in our community by contributing to youth sports, garden clubs, the harvesting of wild rice & maple syrup. I have extensive experience working on boards to review policy & create effective solutions. The community of Sawyer is in need of a person in the tribal council to help make sound decisions that will positively affect future generations. There are many areas of concerns within our community that need to be addressed:

1. A safer community by advocating for more programs & services within the Sawyer district.
2. Support of youth, families, elders & young adults who are struggling to maintain resilience in our ever-changing, complicated future.
3. Recognize & support the positive endeavors & leadership in the community.
4. The ability to maintain a strong, healthy environmental perspective to preserve natural resources in our community.
5. Provide responsible business decisions that promote healthy living.

As your Sawyer District Representative, I will consistently work hard for the Sawyer community and the Fond du Lac Band of Lake Superior Chippewa. I'd like to take this opportunity to thank the consciences and thoughtful voters. I can be reached on my cell at (218)393-6902 and emailed at spiritlakesugar@yahoo.com.

Miigwech, I am looking forward to hearing from you.

David Tiessen Jr.

Hello, my name is David Tiessen Jr. and I am running for Sawyer District Representative. I am 33 years old and have lived in Sawyer for 32 of those years.

I have six children with my wife, Tara.

I am of the firm belief that people are products of their environments, and it is my desire to bring back the sense of community and togetherness like it used to be by making a better environment for all of our people. I want to give our youth plenty of options and help to succeed such as job training programs (carpentry, construction, mechanics, etc.) and high school/college assistance. Something to keep them steered away from drugs and gangs.

I would also like to see our own store located on Hwy 210, a place where we can employ a few more people as well as expand the Reservation's business assets. The enrollee discount on gasoline would also be a big help to the local residents. It could possibly be made into a truck stop, providing even more jobs.

My biggest desire is to build a cultural center in Sawyer, a place where people can learn to finish wild rice, make maple syrup, join drum groups, and most importantly learn the language. We need our language and I would like to make an incentive program for people to come in and learn the Ojibwe language. I would like to employ our elders if they are willing, and I would donate a portion of my salary to see this achieved.

I have more ideas and would like to hear other peoples' ideas concerning the betterment of our community. If you wish to ask me or discuss anything you can e-mail me at dave_tiessen@yahoo.com, or call (218)269-9879. Thank you for your time and consideration.

Election Coverage

President Barack Obama

Economy

President Obama has a long-term economic plan to invest in education, small businesses, clean energy, infrastructure, and tax cuts for companies that bring jobs back to the U.S.

Under President Obama, we've seen 31 straight months of job growth, adding 5.2 million private sector jobs, including nearly 500,000 manufacturing jobs – the most growth since 1997.

Cut taxes by \$3,600 for the typical middle class family making \$50,000 a year over his first term.

“All of the above” strategy to develop every available source of American made energy-including oil, gas, clean coal, wind, solar, biofuels, nuclear – and taking steps to protect our climate.

President Obama refused to let the American auto industry die. He took a chance on Americans, and it paid off. More than 1 million jobs were saved, the U.S. auto industry is roaring back and adding jobs and all government loans were paid back ahead of time.

Education

Part of President Obama's long term economic plan is to boost education and make it more affordable. He set a goal to cut tuition growth in half over the next decade with a plan to double campus based student aid and incentives for schools that are successful at keeping tuition growth down.

President Obama successfully fought to prevent federal student loan interest rates from doubling for more than 7

million students, and capped federal student loan repayments at 10% of income. This means responsible students and their families can make decisions about the future based on career goals rather than the price of tuition.

Foreign affairs

Responsibly ended the war in Iraq, is bringing our troops home from Afghanistan, and will use half the savings to reduce the deficit and the rest to engage in nation-building here at home.

President Obama has strengthened our alliances around the world with friends like Israel, our NATO allies, and our partners in Asia and Latin America. And he has brought together international coalitions to confront shared challenges, such as Iran's nuclear program.

Health

100 million Americans saw lifetime caps on coverage lifted, so that families have the security of knowing that their insurance will cover them when they need it most.

Believes a woman's health care choices are personal decisions, best made with her doctor-without interference from politicians.

Improved Medicare by adding free preventive care, closing the “doughnut hole” saving seniors an average of \$600 last year, and extended the life of Medicare by 8 years by eliminating \$71 billion in waste

Mitt Romney

Economy

Mitt Romney's Plan for a Stronger Middle Class is a five-part proposal for turning around the economy and delivering more jobs and more take-home pay for American families. Mitt understands that it is hardworking Americans in the private sector who will achieve economic growth and job creation. His plan will end the middle class squeeze of declining incomes and rising prices, bring back prosperity, and create 12 million jobs during his first term.

Education

Education has always been central to the American Dream. Sadly, today that American Dream too often represents only a dream. In many corners of the nation, children have no access to an effective school that can give them the opportunity they deserve. Across the nation, our school system is a world leader in spending yet lags on virtually every measure of results. Higher education is becoming at once more important and more unaffordable than ever, stretching family finances and producing new graduates who have too much debt and not enough of the skills they need to succeed in the modern economy.

Foreign affairs

Our country today faces a bewildering array of threats and opportunities. As president, Mitt Romney will safeguard America and secure our country's interests and most cherished ideals. The

unifying thread of his national security strategy is American strength. When America is strong, the world is safer. It is only American power—conceived in the broadest terms—that can provide the foundation for an international system that ensures the security and prosperity of the United States and our friends and allies.

A Romney foreign policy will proceed with clarity and resolve. Our friends and allies will not have doubts about where we stand and what we will do to safeguard our interests and theirs. Neither will our rivals, competitors, and adversaries. The best ally world peace has ever known is a strong America. The “last best hope of earth” was what Abraham Lincoln called our country. Mitt Romney believes in fulfilling the promise of Lincoln's words and will defend America abroad in word and in deed.

Health

Health care is more than just one-sixth of the American economy. It is an essential source of well-being for individuals and families.

Our health care system is blessed with many extraordinary strengths. It produces and attracts the best and the brightest across all fields of medicine, and provides unparalleled innovation, choice, and quality of care. But it also faces significant challenges: high cost, inefficiency, inconsistency, and tens of millions of Americans lacking insurance coverage.

Health News

A meal without meat?

By Kara Stoneburner, RDL, Public Health Dietitian

According to the guidelines for Cancer Prevention, people should limit their intake of red meat. There is convincing evidence that red meat (referring to beef, pork, lamb and goat from domesticated animals) is a cause of colorectal cancer. The guidelines recommend reducing red meat to less than 18oz a week. One way to start is to try one meatless meal each week. Build the meal around vegetables, beans, and grains instead of meat.

An average adult who consumes a 2000 calorie diet would need approximately 50-175 grams of protein a day (10-35% of total daily calories). The Dietary Guidelines for Americans recommends getting a variety of protein

from sources such as eggs, beans and peas, soy products and unsalted nuts and seeds.

Some examples of how to use alternative protein sources include using tofu in stir fries, casseroles, soups, or stews. Eggs can be scrambled, boiled, or fried. Beans are very versatile and contain a lot of fiber plus other cancer-fighting photochemicals. They can be mashed up to use as a dip or a spread. Add beans to soups, salads, or casseroles. Nuts provide protein, vitamins, and beneficial fats, but they are high in calories. Keep servings to a small handful. Nuts can be added to casseroles, sprinkled over salads, or ground up and used to thicken soups and stews.

Of course not all meals need to be meatless. Choose lean cuts and avoid oversized portions when meat is on

the menu. One serving of meat is about 3 ounces or the size of a deck of cards.

Cooking meat at high temperatures, especially over an open flame, can cause cancer-promoting substances called HCAs (heterocyclic amines) to form on the meat surface. To prevent HCAs and PAHs (polycyclic aromatic hydrocarbons) from forming try:

- Trimming the visible fat to prevent flare-ups
- Marinate the meat
- Pre-cook meats before placing on the grill
- Use aluminum foil or avoid placing meat directly over the open flame
- Cut away burnt or charred parts of the meat before eating.

Flu Update 2012

Flu Season is once again upon us. Here are some updated facts and Frequently Asked Questions regarding this year's influenza vaccine:

What is influenza (flu)?

Influenza is a contagious respiratory disease that can be prevented by immunization. It is not the same as the "stomach flu". Influenza is caused by a virus that attacks the nose, throat, and lungs. Symptoms come on quickly and include: fever, dry cough, sore throat, headache, extreme tiredness, stuffed up nose, and

body aches. These symptoms can be severe.

How is the flu different from a cold?

A cold generally stays up in the head while the flu brings body aches, fever, and extreme fatigue. A person with a cold can usually keep up their normal daily activities, while someone with the flu will often feel too sick to do so.

Who is most at risk for getting very sick from the flu?

- people age 65 and older
- infants/young children

- pregnant women
- people with certain health conditions such as asthma, diabetes, and heart disease
- Native Americans, African Americans, and Hispanic people.

Should I get a flu vaccination this year?

Yes, everyone older than 6 months of age should be vaccinated. Even if you got the seasonal flu vaccine last year, you should still get vaccinated this year.

Can you get the flu from the flu shot?

NO, some people do get mild flu-like symptoms for a short time after being vaccinated, but this is a sign that your body is responding to the vaccine and giving you protection. *It is not the flu.*

Vaccinate Your Family-Protect Your Community: Ask your provider for a flu shot or watch for upcoming community clinics and get vaccinated.

Once Upon a Time, Joseph and Paul LaGarde hunted deer along Duluth's principle thoroughfare and trapped beaver and otter in the St. Louis River

By Christine Carlson

A Wisconsin Fur Trader's Journal from 1803-04 by Michael Curot

The LaGarde family name goes way back and is mentioned several times in Michael Curot's journal from 1803-04. There are also many other old Fond du Lac names within the pages of this publication which can be found on the internet.

Information from John Sayers' Journal 1805-1806

From a list of men in the North West Company's Fond du Lac Department for the year 1805 listed Joseph LaGarde as an interpreter. Then in 1806, Joseph LaGarde is listed as an interpreter in the Folle Avoine Department.

1865 – Duluth's First Census for the Town of Fond du Lac

Number 10 on the 1865 Fond du Lac Census for the city of Duluth is the John B. LaGarde family with wife Margaret and children Moses, Seymour, Paul, and Virginia.

Number 11 is the Joseph LaGarde family with wife Mary and child Joseph.

1877 Annual Genalogical Roll of the Fond du Lac Band Census

The head of family number 64 is John B. LaGarde who was 45 years old. He was the son of John B. LaGarde and Ashkwedjagon. John's sons are listed as Paul and Simon LaGarde whose mother is shown as Margaret Visinah.

Joseph LaGord's death from the Duluth Courthouse Records

Joseph LaGord's death on March 27, 1885 is recorded in the Duluth Courthouse records. He was born in Fond du Lac and died at the age of 60. His parents are noted as John and Mary LaGord who were both born in Fond du Lac. Keep in mind there are many spelling errors in historical records.

List of Allottees of the Fond du Lac Band from Nov. 23, 1889

Number 355 is Paul LaGarde and 356 is John LaGarde. They were allotted land in Section 13, Town 50 and Range 18.

1908 Census for Fond du Lac

Number 501 is Mrs. Ella La Garde who is 35 years old. Her children are listed as George age 15, Frank age 12, Matilda age 11, Cynthia age 9, Elias age 8, Freda age 5, and Kwe sense age 1.

Buried with Indian Rites is the Heading of the Obituary of John Lagarde from the Duluth News Tribune of Feb. 28, 1911

John Lagarde, the aged Chippewa Indian trapper, who died yesterday at Fond du Lac, will be buried with Indian rites and ceremonies Thursday at the Fond du Lac Indian reservation near Cloquet.

Among the Chippewas, Lagarde was known as Ak-i-wenci, meaning "an old man." His exact age is not known, but it is thought that he was close to 101 years old.

According to the most reliable information, Lagarde was born about 100 years ago on the Red Lake Indian reservation near Thief River Falls. His mother was a full-blooded Chippewa and his father a half breed with a French-Canadian name. In 1834, when about 24 years old, he came with his mother to the Head of the Lakes and settled at the historic John Jacob Astor trading post at Fond du Lac.

Three years later while trading at Madeline Island, near Bayfield, he met Liola Chievier, a half-breed, whom he afterwards married and brought to Fond du Lac. They lived for years on eighty acres of land, which is now the property of the Steel corporation and will be used as a site for the new steel plant.

There were seven children to this union, but only three are now living.

The youngest, aged 55, lived at Fond du Lac with his father. The other two are located on the White Earth reservation. They are Moses and Simon.

Clara Stocker's Diary from 1916 and She Talks about John LaGarde and Joseph Sherrette

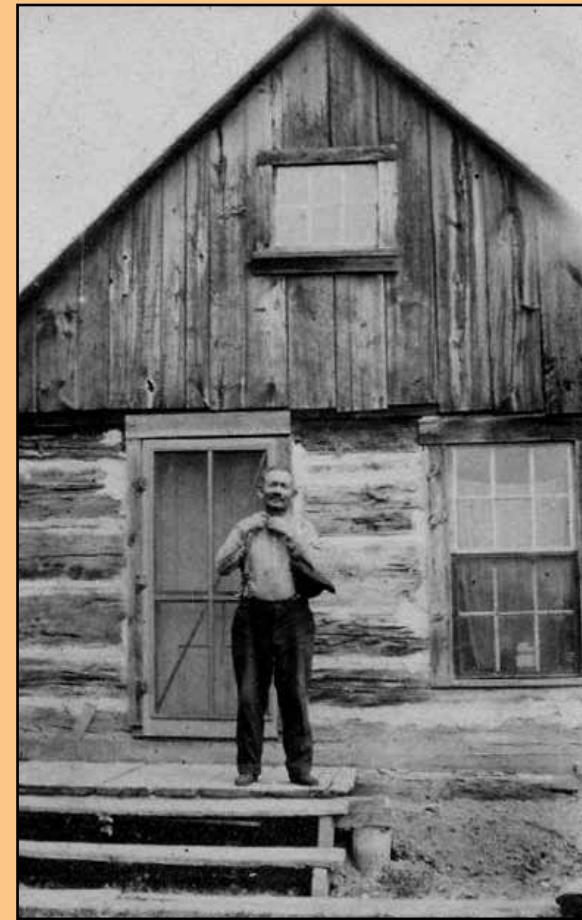

Went to Fond du Lac for trilliums (Clara, Mrs. Hansen, Dr. McCoy and I). Left the others and went to call on LeGarde who is an old Indian and lives alone in a log hut. He is very deaf. I took his picture. He took me to a white house near by to call on Joe Sherrette. He is also an old Indian. His grandfather was French. He remembers the time when as he said "Wigwams were all over here" – Fond du Lac". He once went to Cloquet where so many Indians are and worked with the logs But, he said, "I thought of Fond du Lac all the time and when the log sawing was over I skipped back to Fond du Lac and I have stayed here all the time since."

Well Known Indian Guide Passes Away – 1917

Paul Le Garde, age 60 years well known in the suburbs as an Indian scout and guide, died at the Duluth hospital yesterday following an illness of about two months. The funeral will be held tomorrow morning at 9 o'clock from the Indian Reservation church at Cloquet.

Mr. Le Garde was born in Fond du Lac. His father, John Le Garde, who died four years ago, was also born at this place and was trader and scout for many of the earliest settlers at the Head of the Lakes. Paul had for more than forty years followed similar occupations. He continually made his home at Fond du Lac. He was a member of the Old Settlers' association.

Carlson is my maiden name and our family lived in Fond du Lac on Paul Ave. also known as 131st Ave. West. The John and Paul LaGarde family property was across the street from where I grew up.

Hunting Season Update

By Mike Schrage,
Fond du Lac Wildlife Biologist

Fond du Lac's Reservation and Ceded Territory are well under way. As of the end of September; 4 bear and 1 turkey had been registered. Bear harvest by FDL members typically ranges from 0-6 animals each fall. By the middle of October, bears are starting to enter their dens and most are hibernating by the first part of November. Turkeys could be encountered at any time, but fall turkey hunting pressure is usually very light.

By the end of September, FDL hunters had registered 25 deer from the Reservation and the 1854 and 1837 Ceded Territories of Minnesota as compared to 15 deer for the same period in 2011. Hunters should expect to see a few more deer in the woods this fall following last year's mild winter.

New for FDL hunters in 2012 is access to the Ceded Territories of 1837 and 1842 in Wisconsin and Michigan. A few FDL hunters have been going across the border to get their deer. Historically, about half of FDL's total deer harvest takes place during the first 3 weeks of November. The Reservation and Ceded Territory deer seasons close Dec. 31.

Fond du Lac's moose season opened Sept. 22. In 2012, 72 permits were available to FDL band members, but the harvest was limited to bulls only. As of Oct. 9, 16 moose had been registered by FDL hunters, ahead of last year's pace when only 12 had been registered by this time. Last year FDL hunters took 18 moose for the season. FDL's moose season continues through Dec. 31.

Waterfowl and hunting and trapping seasons for most small game species are open as well.

October Canning Class

By Nikki Crowe

13 Moons and the Bimaaji'idiwin Ojibwe Garden program hosted a canning workshop at the Cloquet Community Center on Oct. 9. Mary McConnell was our expert canner who spent the better part of the day teaching us canning. Danielle Diver had purchased some of McConnell's chow chow, a pickled relish made of cabbage, cauliflower, green tomatoes, and peppers and found it to be so tasty we used the recipe for demonstration at the canning workshop. We also canned applesauce

using a quick and easy recipe adding a dash of cinnamon and cloves to add a homemade flavor without adding sugar.

Dave Wise, Fond du Lac community member, talked about his experiences learning how to can venison, moose, and fish. Wise also demonstrated how to check the gauge of a pressure cooker.

Participants were invited to bring in their canned goods for sale; Wendy Savage brought in crab apple jelly. Savage has been taking care of the trees since her father planted them when she was a young girl.

Dinner was provided and

included Hidatsa squash soup made by Danielle, venison stew provided by Wise and I made (out of the box) pumpkin muffins with dried cranberries and walnuts added. We had 10 participants from the Fond du Lac and Cloquet community attend the workshop and everyone went away with a jar of chow chow or applesauce. It was a great evening sharing stories of hunting, gardening and canning. The plan for next year is to have community members bring in their own produce so they can learn the process step by step.

November Seasonal Decorations Workshop

By Nikki Crowe

13 Moons will be hosting a Seasonal Decorations workshop 11-3 p.m. on Nov. 12. Instructors will be teaching participants how to make balsam bough wreaths, princess pine wreaths, dream catchers, and birch bark baskets. All the decorations will be made from harvestable timber products.

Anishinaabemowin Lessons

By Charles Smith

Consonants used in Ojibwe make nearly the same sounds that they do in English. The Vowels are a little different though. Here they are:

i = ih (like the 'i' sound in 'it')
 ii = ee (like the 'e' sound in 'see')
 o = o (like the 'o' sound in 'oh')
 oo = oo (like the 'o' sound in 'boo')
 a = ah (like the 'u' sound in 'but')
 aa = aa (like 'a' sound in father')
 e = ay (like the 'a' sound in 'say')

Basic Rule for Ojibwe:

Gii = Past tense maker
 Wiisini = 'S/he is eating.'
 Gii-wiisini = 'S/he ate.'
 The past tense marker gii- turned 'S/he is eating' to 'S/he ate'. Try practicing with other action words like eating, running, walking, etc.

Silent is the face I loved to hear
Too far away for sight or speech
But not too far for thought to reach

Sweet to remember her once here
Who, though absent, is just as dear
*You are in my heart always,
Your Baby Mary*

In memory of our Grama, **Kathryn "Dena" Howes**, She has gone across the river To the shore of evergreen And we long to see her dear face

But the river flows between
Someday, sometime we shall see

The face we loved so well
Someday we'll clasp her hand
And never say farewell
*Gone but not forgotten,
Bill and Irene, Charlie and Shae*

In memory of my Grams, **Kathryn "Dena" Howes**, Grams, Life is not the same without your cheez whiz and apple juice. I miss you and love you.

Your baby grandson, John Riley

In memory of our Great Grama **Kathryn "Dena" Howes** When ties of love are broken And loved ones have to part It leaves a wound that never heals

In ever aching heart
*We love and miss you so much,
Jazzmin, Dyami and Denali,
Victor, Max, TJ, and Brady*

In memory of aunty **Anna Marie Locke's** 86th birthday (Nov. 7)

*We love you and miss you,
Ellen Bassett and Family*

In loving memory **David- D.A. Abramowski**

Loving and missing you, as we celebrate your birthday (Nov. 16)

*Love, your baby girl
Tif, Renee, Dakotah,
and your 4 beautiful
grand kids.*

In loving memory of **Kenneth Michael Bosto** (Nov. 30, 2009)

I thought of you today,
but that is nothing new,
I thought about you yesterday,
and days before that too,
I think of you in silence,
I often speak your name,
Now all I have is memories,
and your picture in a frame,
Your memory is my keepsake,
with which I'll never part,
Creator has you in his keeping,
I have you in my heart!
*Love you, brother and uncle
Bobbi, Glenn, and family*
